Staff members may be contacted at school via the school reception on 02 9727 2111. We advise parents to make an appointment to speak at length with the staffmember concerned in order to facilitate effective and valuable communication and so that mutually beneficial outcomes may be reached

Introduction

This document has been developed to make clear the procedures, expectations and rules about assessment at Fairfield High School. It also outlines what students will study in each subject throughout the year and how students will be assessed.

The first section contains Fairfield High School's Assessment Policy, and the second section provides the assessment schedules for each subject.

Assessment tasks are used to determine the grades that students achieve in Semester 1 and Semester 2 Reports. Other assessment measures will also be used to assist teachers in determining the grade that best describes student achievement in that subject.

At times, due to a variety of circumstances, dates may differ from those printed on the calendar. If the task dates do change, the teachers will notify students in writing when they issue the assessment task notification. Any changes will often be within a week or two of the original date on the calendar.

It is the student's responsibility to be alert to the notification of tasks and be aware when there are assessment tasks coming up. Students must satisfactorily complete all assessment tasks prior to being able to progress to the following year.

Satisfactory Completion of a Course

The satisfactory completion of a course requires the Principal to have sufficient evidence that a student has:

- followed the course developed or endorsed by NESA
- applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school
- achieved some or all the course outcomes

Factors which may prevent satisfactory completion of a course include:

- excessive rate of absence or lateness to school or classes
- poor achievement in class tests and assessments due to lack of application and effort
- poor classroom behaviour that inhibits learning
- failure to complete classwork and homework
- failure to submit assessment tasks
- proven cases of plagiarism, copying or cheating

Syllabus and Outcomes

What is a syllabus?

A syllabus is a document developed by The NSW Education Standards Authority (NESA) (previously BOSTES) which lists all the knowledge and skills that students must achieve in each subject. The direct internet link to the syllabus documents is: <http://syllabus.nesa.nsw.edu.au/> Each subject's syllabus has a number of learning outcomes that must be achieved in order for students to complete the course requirements as set by NESA.

What is a learning outcome?

Learning outcomes are the skills or knowledge students should know as a result of being taught a unit of work. The purpose of assessment is to measure how much students have learned at a given point in time towards those outcomes. Teachers devise assessment programs which measure student learning towards the outcomes at different times throughout the year.

In this handbook, each faculty has published an **Assessment Schedule** for each subject indicating:

- the topics students will be studying each semester.
- the assessment tasks which will take place throughout the year.
- when each task will take place.

Homework

Homework plays an integral part in the overall *Assessment for Learning* as it assists in helping students to achieve all learning outcomes. It is also reported on in all student's academic reports

At Fairfield High School, there is an expectation that students will:

- be given suitable homework tasks.
- complete these tasks ON TIME, to the best of student's ability.
- be provided with appropriate feedback.

Some examples of homework include:

- Practical tasks
- Cooperative Learning/ Group tasks
- Creative responses
- Extension and Consolidation exercises
- Worksheets
- Reading and responding activities
- Surveys/ Questionnaires
- Writing essays / Extended responses
- Research tasks
- ICT tasks

Bookwork Standards

All subject books will have these Bookwork Standards glued inside the front cover.
Students are expected to follow these, and staff will be checking books regularly.
Academic reports will include feedback on Bookwork each semester
This is an example of an informal assessment strategy to determine student progress

Bookwork Standards

- ✓ Only subject work is to be in the subject book
- ✓ Subject books are to be brought to every lesson
- ✓ Recommend all books to be covered in contact
- ✓ Name, class and subject to be written on front cover
- ✓ Graffiti is not to be in any part of the book
- ✓ Bookwork Standards are to be glued inside front cover
- ✓ All pages are to have a ruled margin
- ✓ Dates are to be written at the start of each lesson's work
- ✓ Headings need to be clearly visible
- ✓ All worksheets are to be glued in
- ✓ Pages are not to be left blank between work
- ✓ Pages are not to be ripped out of the book
- ✓ Books are to be submitted for marking when teacher asks
- ✓ Teachers will check for organisation accuracy and completion of work

Bookwork Standards Marking Criteria

Scale	Sample Guide	Marks
C Consistently	All (or most) work is attempted to the best of the student's ability Evidence student is striving for correct spelling, punctuation, and accuracy All pages have ruled margins, clear headings, dates, worksheets glued in Book clearly labelled with name, subject and course No graffiti anywhere in or on the book No other subject information is in the book Book looks clean and organised, with no blank pages	10 - 8
S Sometimes	Evidence of student completing tasks, some are incomplete or inaccurate Some evidence of care taken with spelling, punctuation and accurate work Some graffiti throughout and on the book Most pages have ruled margins, clear headings, dates Some worksheets missing or not glued in Some pages ripped or missing	7 - 5
R Rarely	Most tasks are incomplete, inaccurate or missing Messy, incomplete, inaccurate work, with little attention to detail Lots of graffiti throughout and on the book Very little evidence of ruled margins, clear headings, dates Very few worksheets glued in, or all worksheets are missing evidence the book is used for more than one subject Many pages ripped or missing	4 - 0

What is Assessment?

Assessment means all the things that teachers use to measure student success as a learner.

There are two types of assessment:

Assessment FOR Learning (*informal assessment*):

This is designed to enhance teaching and improve student learning. It gives students opportunities to improve and develop their knowledge, understanding and skills. Teachers assess student achievement informally as they complete their work using a whole range of strategies including self-assessment and peer-assessment.

Assessment OF Learning (*formal assessment*):

This assists teachers to assess student achievement against outcomes and standards. This usually occurs at the conclusion of a unit of work, a term, a semester, a school year or a stage. The information gained from all assessment is used in reporting student achievement against each of the syllabus outcomes and to determine grades for reports.

Examples of assessment activities (for both formal and informal tasks)

- Topic test
- Project
- Presentation
- Research assignment
- Portfolio
- Rich task
- Practical task
- Formal Examination
- Essay
- Model
- Observation of student learning
- Classroom activities and participation
- Homework assignments
- Mini test / Quiz
- Group and pair work
- Peer assessment
- Experiment
- Bookwork – will be included in the Semester 1 & 2 reports in the Commitment to Learning section
- Speech
- Performance

ASSESSMENT POLICY and PROCEDURES

a) Assessment Task Notifications:

Assessment task notifications will be issued to students **AT LEAST 2 SCHOOL WEEKS** before an Assessment Task is due (other than formal examinations).

The assessment task notification will outline:

- the syllabus outcomes the task is measuring
- how much the task is worth as a percentage (weighting %)
- instructions on how to complete the task
- marking criteria

Students **must** sign the teacher's *Assessment Task Form: Student Register* as proof they received the assessment notification.

b) Weighting of Tasks:

Each task is worth a percentage towards student's total grade. This is called 'Weighting'. Teachers will use the assessment marks achieved throughout the course to determine each student's final overall grade.

c) Dates and Timing of Assessment Tasks:

Assessments may not always occur on the dates printed on the assessment schedule. If an assessment date is changed, the teacher will notify students in writing via the notification. Sometimes, more than one task will be due on a given day. This cannot always be avoided and will not be grounds for appeal as long as two weeks' notice is given for each task. Start tasks early to ensure completion by the due date.

d) Assessment Task Progress Checks:

Assessment Task Progress Check dates will be given to students, where relevant. These are dates to check on student progress in completing the task. Students need to note the progress check dates and show the progress to their teacher by these dates.

e) Applying for an Extension:

If something serious or unexpected happens while a student is working on an assessment task, preventing a student from completing the task by the due date, then the student should see the Head Teacher to ask for an *Assessment Task Form: Extension Request* as soon as possible. Students must provide the reasons for the extension, get the form signed by a parent/guardian and then return it to the Head Teacher.

Computer issues and technical problems are **NOT** valid grounds for an extension. Students are expected to follow responsible practices when using technologies, including ensuring that computer equipment is reliable and that an electronic version of the task is saved safely.

Extensions will only be considered **before** the due date. Students should not ask for an extension on the day a task is due. Extensions will not be provided if this process isn't followed.

f) Illness or Misadventure

If a student is absent on the day of an assessment task, a phone call to the school should be made to inform staff of the issue, where possible.

Illness – is when a student is too unwell to attend school and will get a doctor's certificate

Misadventure – is an unavoidable situation that makes it impossible to attend school, this does not include family holidays or social engagements

On the first day of a student's return to school after missing an assessment task due to illness or misadventure, the student needs to see the relevant teacher to:

- I. Submit the outstanding task
- II. Ask for an *Illness/Misadventure Form*
- III. Fill in the *Illness/Misadventure Form* and hand back to the teacher with medical certificate attached (For misadventures the student needs to return the form with a parent signature)

In the case of missed in class tests, formal exams, practical tests and performances the teacher will inform the student:

- I. when the next opportunity will be to undertake the task, or
- II. if an alternative task needs to be undertaken, or
- III. if an estimate mark will be allocated.

This decision will be made in accordance with faculty policy and procedures and will be made in consultation with the Head teacher.

In the case of a student falling ill during an assessment task (or suffering from a misadventure that is impacting on the student's ability to complete the task), the teacher will provide the student with an *Illness/Misadventure Form* and direct the student to report to the Front Office (or relevant Head teacher) for assistance.

It is expected the student fills in the *Illness/Misadventure Form*, has a parent sign the form and returns it to the teacher on the next day the student attends school. The teacher and Head Teacher will decide:

- I. when the next opportunity will be to undertake the task, or
- II. if an alternative task needs to be undertaken, or
- III. if an estimate mark will be allocated based on prior performance and the part of the task that may have been completed

This decision will be made in accordance with faculty policy and procedures and will be made in consultation with the Head teacher.

g) Late Attendance to an Assessment Task or Examination

If a student arrives late to an assessment task or exam, this will be noted in writing at the top of the task. The student is expected to complete as much of the task as possible. If the lateness was due to illness or misadventure, the same procedures apply in terms of allocating marks as above. Otherwise, the student will simply receive a mark for what they completed and may also receive other consequences if the lateness was due to truancy or breaches of the school rule.

h) Submission of Assessment Tasks

Tasks completed at home must be submitted directly to the teacher.

Every assessment task submitted must have the official *Assessment Task Form: Cover Sheet* attached to the front.

When student submits a task, the teacher may have an *Assessment Task Form: Student Register* for each student to sign as proof their task was submitted. Teachers keep this and file it in a faculty central location at the conclusion of the task.

It is best practice for students to keep either a photocopy or an electronic copy of the task.

It is also best practice for students to keep all notes and drafts until after they receive their marked assessment task back, as staff may ask to see these in the event of possible plagiarism.

All assessment tasks need to be submitted in the format required by the teacher. Students may be required to submit written tasks electronically via the Turn It In website. The task sheet will inform students as to how each task is to be submitted.

An electronic assessment task is ONLY considered submitted if:

1. The assessment task is readily identifiable.
2. It is readable and free of any sort of corruption or virus
3. It is written in applications to which school staff have ready access, and in a format which school computers can read (e.g. Word, Excel, Publisher, PowerPoint and Adobe pdf)

i) Late Submission or Failure to Submit or Make a Serious Attempt at an Assessment Task

Assessment tasks not handed in by the due date (without extension or acceptable explanation), will have marks deducted as follows:

- Students who fail to submit an assessment task will receive a zero mark (0) and will be expected to submit the task as soon as possible. A teacher or Head Teacher may also issue other consequences such as detentions. (Parents/ Carers will be notified.)
- Students who are deemed to have made a non-serious attempt will receive a zero mark (0), and the student will be expected to resubmit the task as soon as possible. A teacher or Head Teacher may also issue other consequences such as detentions. (Parents/ Carers will be notified.)
- Students who submit an assessment task late, with no *Illness and Misadventure* form will receive a zero mark (0) and will be expected to submit the task as soon as possible. Other consequences, such as detentions, may be issued. (Parents/ Carers will be notified.)
- Repeated non-submission of tasks may lead to parent interviews, referral to the Head Teacher of Secondary Studies and the Deputy Principal for follow up. This may lead to a student not being allowed to progress into the next academic year.
- If a student fails to complete or submit an assessment task by the due date, or fails to make a serious attempt, the classroom teacher will inform the student's parents/guardians, by phone of the penalty involved. The student may be asked to attend the Homework Centre on Tuesday, Wednesday and Thursday afternoons to complete the task. All tasks must be completed in order for a student to meet course outcomes in that course, even the task is worth zero marks.
- Failure to make a serious attempt at an assessment task will lead to a zero mark and parents will be notified via letter or phone.

j) Appeals Relating to Assessment Tasks

Appeals relating to assessments should be directed to the Head Teacher. This can be done verbally. After this discussion the Head Teacher will make a decision and notify both the teacher and the student.

If the student is unhappy with the Head Teacher's decision, an official appeal can be made to the relevant Deputy Principal. This needs to be done in writing, using the *Assessment Task Form: Appeal* (which will be issued by the Deputy Principal on request)

The Deputy Principal will liaise with the student, teacher, head teacher and parent in order to make a determination. The Deputy Principal will inform the relevant parties of the outcome and note it on Sentral.

k) Alleged Malpractice in Assessment Tasks or Examinations

Malpractice, or cheating, is "dishonest behaviour by a student that gives them an unfair advantage over others".

MALPRACTICE includes:

- Plagiarism (copying someone else's work and claiming that it is your work).
- Collusion (allowing someone to copy your work).
- Using materials from books, journals, CDs or the internet without acknowledging the source.)
- Submitting work that has a large contribution from another person that is not acknowledged.
- Communicating with other students during an assessment or examination.
- Using forbidden aids (this includes bringing notes, or any electronic devices into an assessment or examination, whether they are used or not).

Allegations of plagiarism or other forms of malpractice will be reported to the Head Teacher. The matter will be investigated, and a zero mark will be awarded.

School Strategies to avoid Malpractice:

- Teachers instruct you on good and ethical practices of research.
- Teachers provide you examples on how to effectively reference books and websites.
- Signage in appropriate areas, including the library, explaining aspects of good practice.

l) Consistency of Marking

Head Teachers have the responsibility to ensure that appropriate marking procedures are followed to ensure consistency of marking across different classes within the same course. While these procedures vary from faculty to faculty, depending on the nature of the student work being assessed and other factors, the common purpose is to ensure that there is consistency of marking.

m) Grades

For **Progress and Final Reports**, Head Teachers and Classroom Teachers issue a grade to reflect the student's academic achievement in each course.

Teachers use Course Performance Descriptors in each course to determine the grade range that best describes a student's achievement.

The RoSA Grades allocated are as follows:

Grade Indicative Marks	Common Grade Scale
A 100-85	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to new situations.
B 84-70	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
C 69-50	The student has a sound knowledge and understanding of the main areas of content and have achieved an adequate level of competence in the processes and skills.
D 49-21	The student has a basic knowledge and understanding of the content and have achieved a limited level of competence in the processes and skills.
E 20-0	The student has an elementary knowledge and understanding in few areas of the content and have achieved very limited competence in some of the processes and skills.

n) Formal School Reports

The school formally reports on student progress twice each year: Semester 1 Report (issued at the end of Term 2) and a Semester 2 Report (issued at the end of the year).

These reports will provide information about student progress within each course.

Grades A to E will be issued to accurately reflect student achievement in each subject

Disability Provisions

Students may be granted disability provisions if they have:

- visual or auditory difficulties
- learning difficulties
- fine motor skills difficulties
- illnesses such as diabetes
- ongoing injuries that will impact on student ability to complete assessment tasks
- psychological difficulties
- a PLASP (Personalised Learning and Support Plan)

Student parents/guardians must provide documentation and inform the school of student's disability.

Where a student has an illness or personal circumstance which may affect school assessments or examinations, students may ask for appropriate special provisions. When teachers think a student may need additional support for in-class assessments or formal examinations, a referral via *Sentral – Wellbeing – New Incident – Referral for Support* may be made to the Head Teacher Welfare.

The Head Teacher Welfare will coordinate any special provisions, including the provision of appropriate support via the Learning and Support Team. These may include:

- large print examinations
- provision of a writer or reader
- separate supervision
- modification of the task
- permission to use a computer for writing (in exceptional circumstances)

To ensure that we support students as best we can, the following procedures should be followed:

1. Students are to notify their teacher as soon as they receive their assessment notification if they have an issue that requires special provisions. It will be the responsibility of the teacher to liaise with the Head Teacher to provide students with adequate support and provisions. The Head Teacher may liaise with Head Teacher Welfare for further guidance and support. The LaST team may assist with the provision of special provisions
2. If a computer is needed to provide disability provisions, the school will provide the computer with the appropriate material/software and students will be closely supervised. Students may not use functions such as spelling or grammar checking, or other functions which may give students an advantage over candidates sitting a pen and paper examination. Students may not format their work beyond simple paragraphing. A computer calculator is not an approved calculator for Examinations. Simple drawing programs are permitted where students are required to draw diagrams etc for an assessment task.

Assessment Schedules

Year 8 Courses 2023

These are issued to students by their course teachers. Students sign to acknowledge receipt of the assessment Schedules.

Due dates on Assessment Schedules are an approximation and are subject to change. Students will be given at least two weeks' notice before each assessment task to confirm the date.

STUDENT INSTRUCTIONS

- * Ensure you have collected all Assessment Schedules for your courses from your class teachers.
- * Assessment Calendar: Check the assessment calendar on next pages and highlight the assessment tasks.
- * Keep Assessment Handbook for future reference.
- * Remember: All efforts should be made to attend all assessment tasks. Absence from an assessment task will require a doctor's certificate.

Assessment Policy Handbook Student Acknowledgement

I have received a copy of the Fairfield High School's Student Assessment Policy Handbook, and understand that:

- All assessment tasks must be completed by the due date
- Assessment tasks including all classwork and homework are used to assess student academic progress
- Attendance in all classes is expected to be over 85% in order to meet all course outcomes satisfactorily
- All work that is submitted is original and not copied or plagiarised from other sources
- Failure to submit a task on time will result in a letter sent home
- All tasks MUST be submitted, even if it is after the due date
- A student signature is required when a task is issued by the teacher
- A student signature is required when a task is submitted to the teacher
- Assessment tasks need to be uploaded to the 'Turn It In' website, when directed by teacher
- If an assessment task is late or missed due to illness, the task must be submitted on the first day back at school after the illness, with a doctor's certificate attached
- There is a Misadventure Form that needs to be completed when asking for special consideration if a task is late
- For students in Years 7 – 9, a Level Green letter will go home advising parents of a missed assessment task
- For students in Years 10 – 12, a N Award warning letter will go home advising parents of a missed assessment task
- Students may be required to attend to the Homework Centre (Tues, Wed or Thurs) or lunch detentions until an outstanding task is submitted
- Computer and/or printer problems is not a satisfactory reason for failing to submit an assessment task, so ensure tasks are backed up and saved in appropriate locations
- If there are any problems or issues in relation to completing assessment tasks, liaise with teacher or head teacher as soon as possible

Tear off this slip and return to Year Adviser (who will give this to the Head Teacher Secondary Studies for filing)

I understand and accept the conditions and guidelines set out in this Assessment Policy Handbook

Academic Reports

Reports are issued to Fairfield High School students twice a year, Semester 1 and Semester 2.

The cover page includes a list of each course/subject that the student is enrolled in and the associated teacher. There is also a summary of the student's attendance data, including whole days, partial days, explained and unexplained.

The second page has the summary information about the 5-point scale that all standard reports use and what each Grade means e.g. A – Outstanding, B – High, C – Sound, D – Basic, E – Limited.

The Five-point Scale

Describe this achievement level	Using this word	And/or this letter
The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a high level of competence in the processes and skills and can apply these skills to new situations.	Outstanding	A
The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.	High	B
The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.	Sound	C
The student has a basic knowledge and understanding of the content and has achieved a basic level of competence in the processes and skills.	Basic	D
The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.	Limited	E

Additional Programs are listed on the second page. The following activities are included: Student Representative Council, Debating, Public Speaking, Representative Sport, Musical Performances, Debating Team, Peer Support Leader any other additional school service activities.

There is also a description of the Social Development and Commitment to Learning outcomes that are reported on for each student.

Parents may request the school to provide written information that clearly shows their child's achievement compared to the peer group at school. This information will show the number of students in the group in each of the achievement levels is included in all year group reports.

Course/Subject Reports have:

- Course Description: a (2 – 3 line summary of what students have studied that semester)
- Overall Achievement: a grade of A – E (A (outstanding), B (high), C(sound), D (basic), E (limited))
- Syllabus Outcomes: reported on A – E
- Social Development: 4 skills reported on as C, S, R (Consistently, Sometimes, Rarely)
- Commitment to Learning: 4 skills reported on as C, S, R (Consistently, Sometimes, Rarely)
- Teacher Comment – a paragraph written to describe what the students can do, what is the area for improvement and how to improve

Life Skills Reports have:

- Course Description (2 – 3-line summary of what students have studied that semester)
- Syllabus Outcomes: reported on P4 (independent), P3 (frequent), P2 (occasional) and P1 (beginning)
- Social Development: 4 skills reported on as C, S, R (Consistently, Sometimes, Rarely)
- Commitment to Learning: 4 skills reported on as C, S, R (Consistently, Sometimes, Rarely)
- Teacher Comment - a paragraph written to describe what the students can do, what is the area for improvement and how to improve.

Note:

Year 7 students will get a Numeracy and Literacy Report.

All EAL/D students who receive in class support from an EAL/D teacher will receive an EAL/D Report. The outcomes for this report are Speaking and Listening, Reading and Responding, Writing. These are reported on using a 4-point scale B (beginning), E (emerging), D (developing), C (consolidating). The only other part of this report is a teacher comment that focuses on the student's English language skills.

These procedures and reporting processes have been developed in conjunction with the guidelines specified in the NSW Department of Education, Policy Standards, Implementation document for Curriculum Planning and Programming, Assessing and Reporting to Parents K-12 policy, 28 January 2020. This document can be found in the NSW Department of Education's policy library at: <https://policies.education.nsw.gov.au/policy-library/policies/curriculum-planning-and-programming- assessing-and-reporting-to-parents-k-12>
